# **Draft specification**

BASELIFT 6300LA - 189,0 cm Manufacturer: Granberg

# **Article Info**

**BASELIFT 6300LA** is a straight, motorised worktop lift with wall-mounted motors. Under the worktop, space is left for the knees and legs. Installations under the worktop (motors, water, sewers) can be concealed by telescopic cover panels which gives the kitchen a neat look. The motors work steplessly and adjust the worktop quickly and quietly to the desired height. The lift is equipped with a reliable safety system that guarantees safe operation without any risk of pinching. The lift is prepared in the factory to facilitate easy installation.

The lift can be integrated in kitchens from any kitchen manufacturer.
