

Verti 830, 26.5 cm depth, 46.0 cm width

- For cabinet width 50 cm

- Lowers the shelf unit vertically down to the top board
- When lowered, there is free space on the worktop in front of the shelves
- Installed in a new or existing cabinet from which the bottom has been removed
- Safety plate stops the lowering if it comes in contact with any object on the underlying work surface
- Fits cabinets with width 40-100 cm
- Fits cabinets with height 70-110 cm

Specifications

Fits internal cabinet depth

265 - 314 mm

Type of lift

Vertical lifting system for wall cabinets

Height adjustment

Motorised, steplessly adjustable 470 mm downwards

Speed level

47 mm/sec.

Operation

Wired button or remote control

Safety

Safety plate under the bottom shelf. If anything touches the plate, the lift stops. The plastic cover in the upper part of the cabinet acts as a safety breaker upwards. If the plastic cover is touched, the lift stops.

Electrical connection

Plug for 230 V, max 0.5 A

Lifting force

40 kg (88lbs)

IP-class

IP 30

Height

680 mm

Fits cabinet width

400 - 1000 mm

Fits cabinet height

700 mm or higher (for heights over 700 mm, a fixed shelf is mounted above the lift)

Fits cabinet, side thickness

16 - 20 mm

Material

Back plate (thickness 16 mm) and shelves (thickness 19 mm) in white melamine. Safety plate of white-painted MDF. Powder-lacquered sheet metal parts (Alu-grey RAL 9006), motor cover in Alu-grey plastic. Aluminium sliding rail.

Warranty

2 year
