GRANBERG

Baby changing tables

- Ergonomic Baby changing tables, height adjustable or fixed height

MADE IN SWEDEN

GRANBERG

ABOUT US

GRANBERG

Six decades have passed since the Granberg brothers' joinery workshop built the first specially designed kitchen for the disabled. We now view our task in a broader perspective. It involves making day-to-day duties simpler and more convenient for everyone. By developing, manufacturing and supplying innovative comfort features for kitchens and bathrooms, we have achieved world leadership - but still with our feet firmly on the ground, and with the determination to become involved in your particular needs and requirements.

- Nursing bench 345 72
- Shower trolley 346 - shower trolley 74

ACCESSORIES 76

The story began as early as 1870 in Ringarum, Sweden, when Otto Granberg built his first chairs. He sold these chairs at the local market. Business went well and Otto's joinery began mass-producing furniture. The factory soon relocated to Norrköping and expanded their range with windows, doors and staircases.
After almost 30 years, Otto's son, Frans, took over the company. He followed in his father's footsteps, but also produced school furniture and interior joinery products. Just over thirty years later, Frans handed over the company to his sons, Nils, Bängt, Oscar and Erik. They continued to run the company the way their father and grandfather had.

Granberg quickly became known for the lifetime guarantee of its products. The quality was high and if anything were to break, the sons ensured it was repaired or replaced. A promise that still applies to this day. Personal service and reliable products.
90 years after Otto began making chairs, the company changed direction and Granberg's modern history began in 1960. The company started to develop products for the disabled and today is a world leader within this sector.

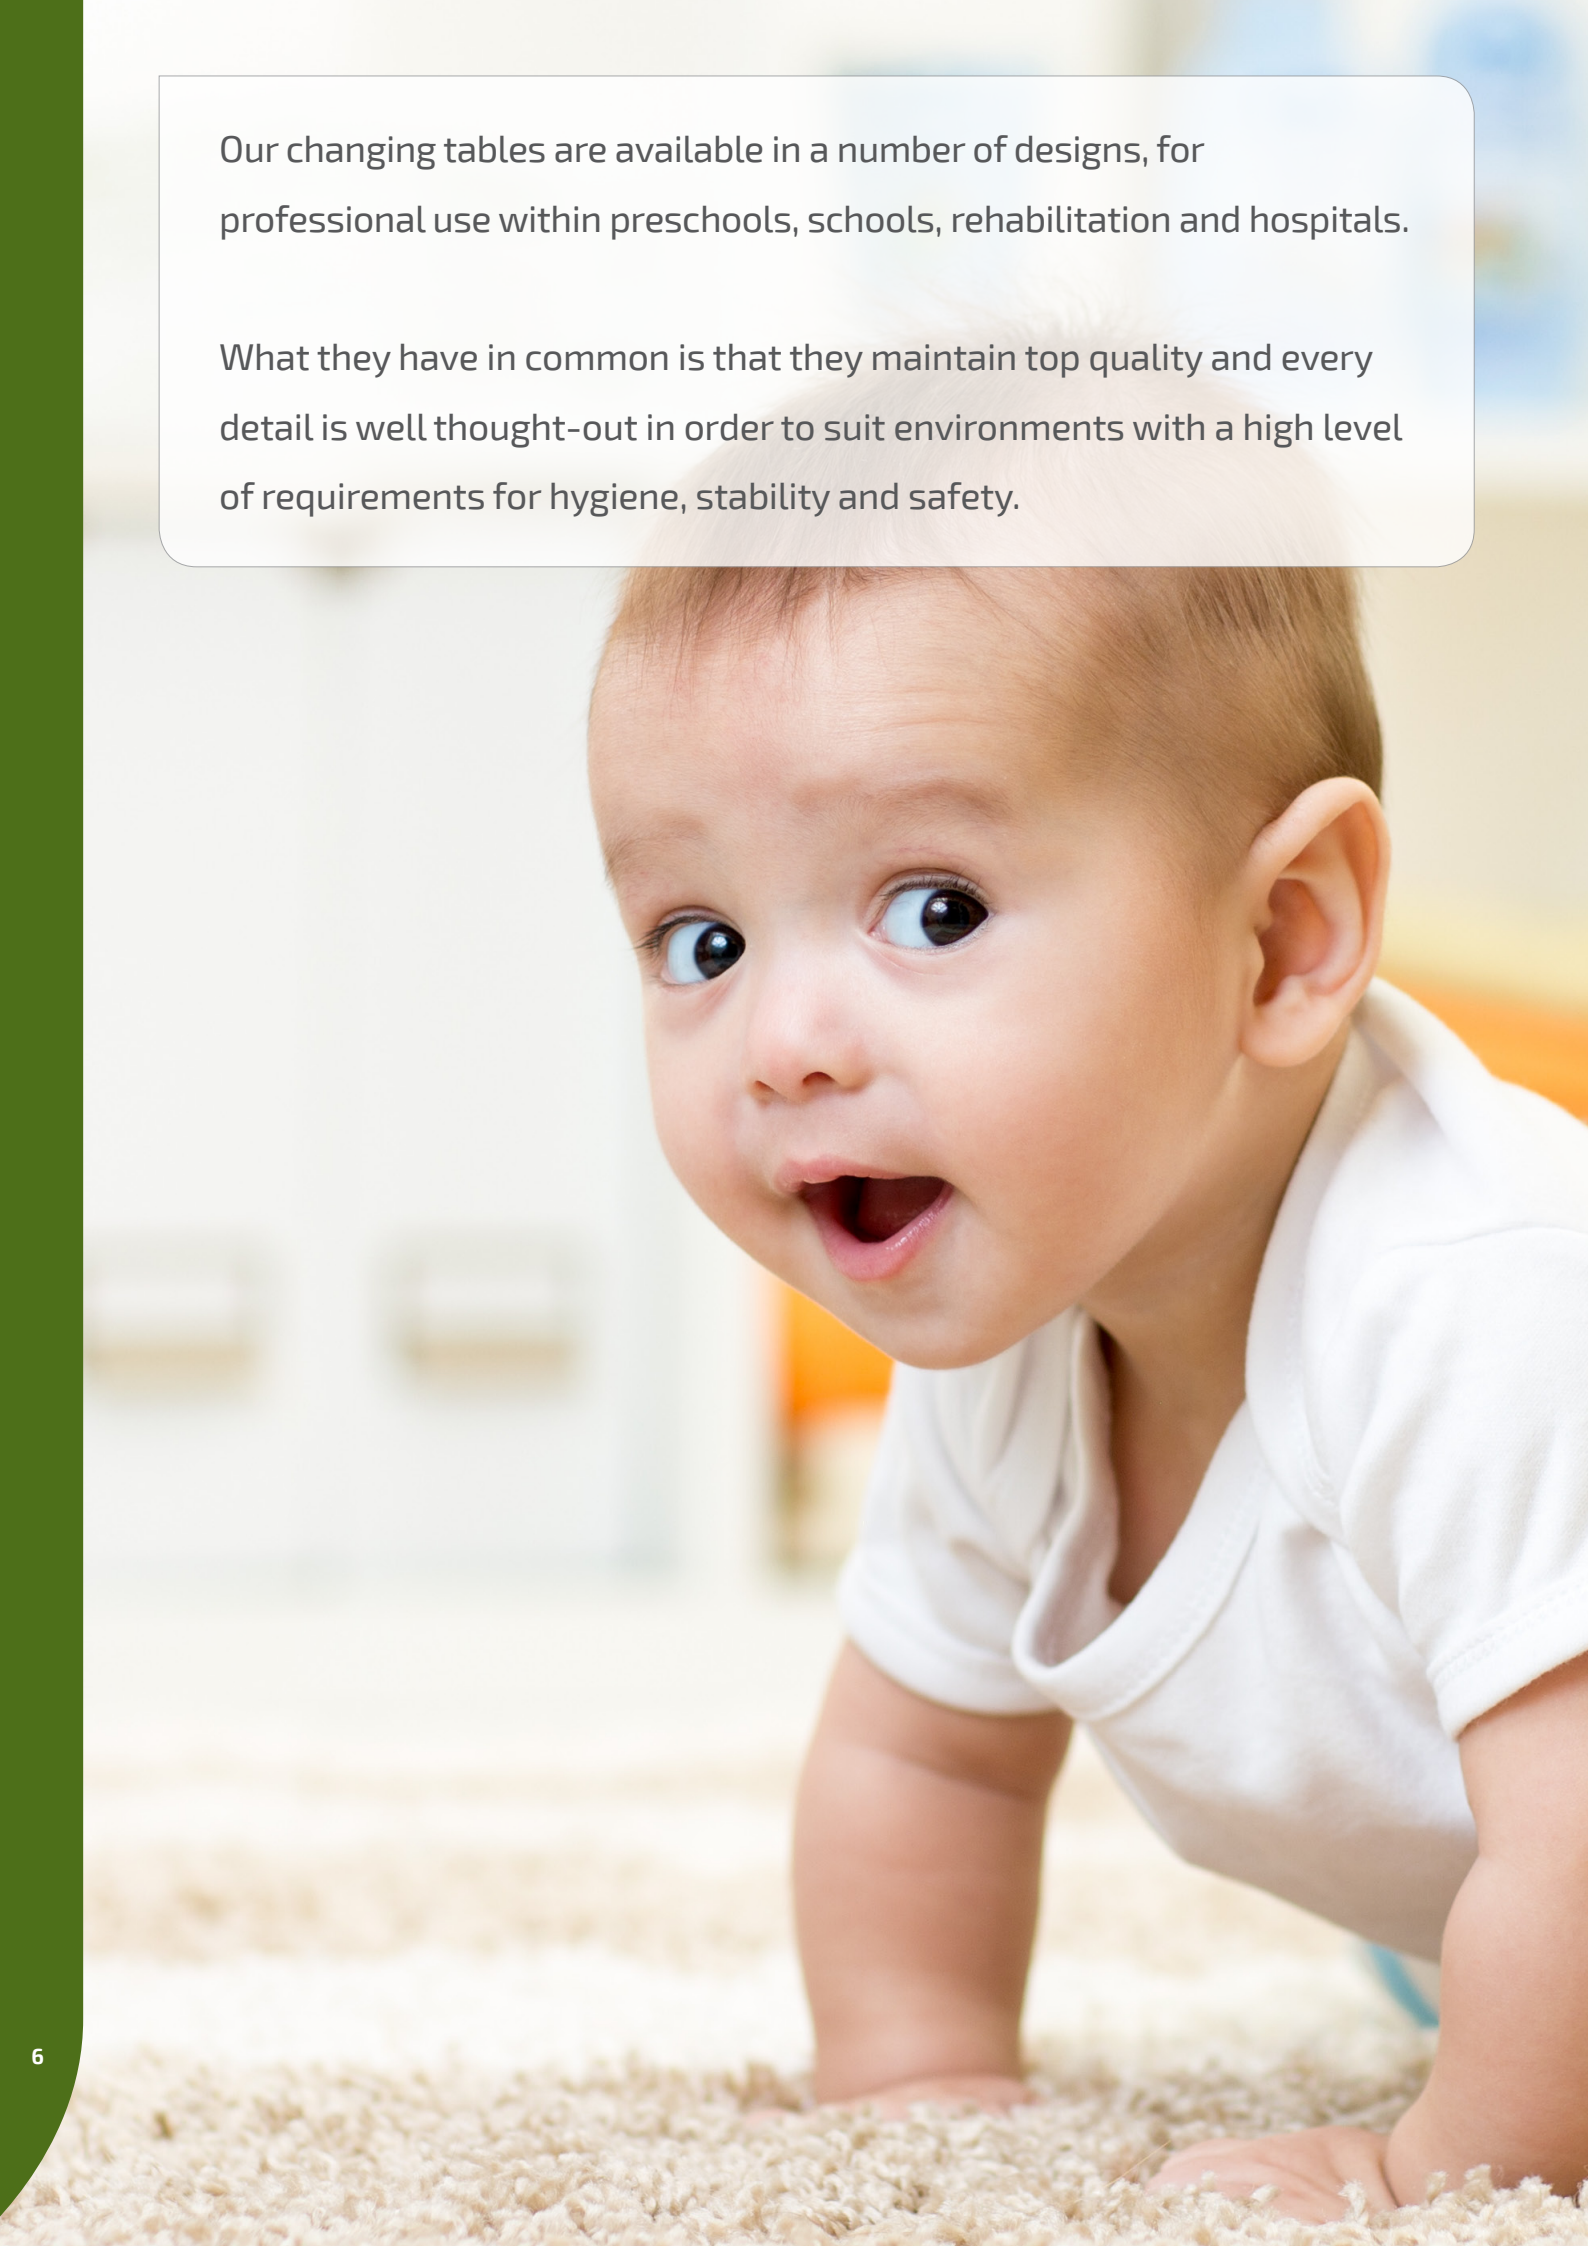

Quality has been an important part of our brand ever since Otto Granberg founded our company back in 1870. As a family business we are proud of the products we create. We therefore only supply quality products that we know well and with which we have been working for many years. We always provide a 2 year warranty for our products in order to make our customers feel even more secure.

For your safety, we work solely with CE-marked lift systems which have undergone risk analyses and tests. Our changing tables are based on tried and tested technology and certain models have built-in safety systems which stop the moving parts if anything was to get in the way.

SINCE 1870
GRANBERG

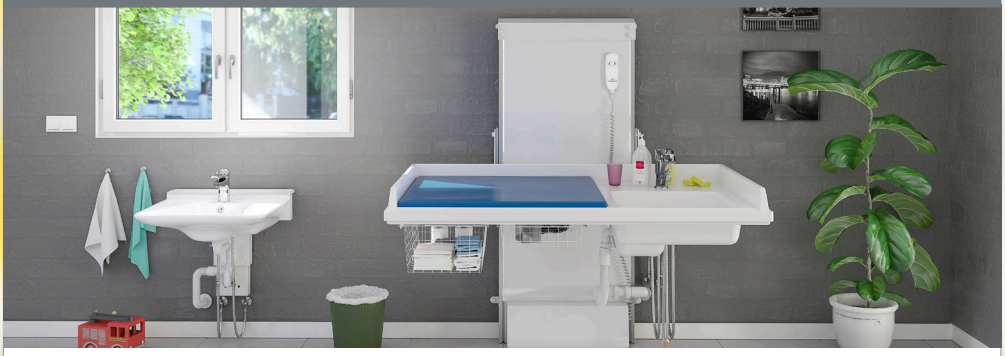

Our changing tables are available in a number of designs, for professional use within preschools, schools, rehabilitation and hospitals.

What they have in common is that they maintain top quality and every detail is well thought-out in order to suit environments with a high level of requirements for hygiene, stability and safety.

Height adjustable changing tables

Baby changing table 333 with mattress

Art. no.	Designation
333-080	Baby changing table 333 *- 80 cm width* *- 5 cm border*

Functions and benefits

- Moulded baby changing table 80 cm with mattress
- Electrically height adjustable 72 - 112 cm above floor
- Freestanding with adjustable feet
- Easy-to-use programmable table control

Standard equipment

- Mattress
- Programmable table control

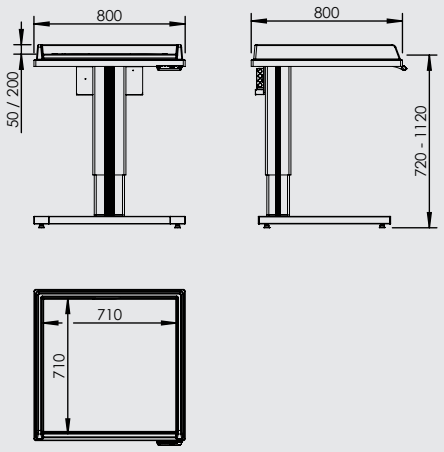

Recommended options

- Extendable ladder
- Storage baskets

Specifications

Border height	50 mm
Width	800 mm
Depth	800 mm
Installation	Freestanding
Operation	Table control programmable in 3 different height positions
Height setting	720 - 1120 mm
Speed	30 mm/sec.
Max. user weight	50 kg
Electrical connection	230 V ~50 Hz, Max. 400 VA
Enclosure class	IP20
Material specification	**Motor unit:** Anodised aluminium **Floor frame:** Powder coated steel (Grey RAL 9006) with adjustable feet **Changing table surface:** Hygienic moulded plastic **Mattress:** (WxDxH) 710x710x30 mm. Manufactured from phthalate-free artificial leather. Cover and cold foam certified as per OEKO-TEX standard 100 class 1
	CE

Baby changing table 335 with mattress and laundry sink

Art. no.	Designation
335-141	Baby changing table 335 - laundry sink right *- 140 cm width* *- 5 cm border*

Functions and benefits

- Moulded changing table 140 cm with mattress and laundry sink on right
- Electrically height adjustable 67 - 107 cm above floor
- Wall mounted to make cleaning easier
- Easy-to-use programmable table control

Standard equipment

- Mattress
- Programmable table control
- Flexible drainage hose with water trap

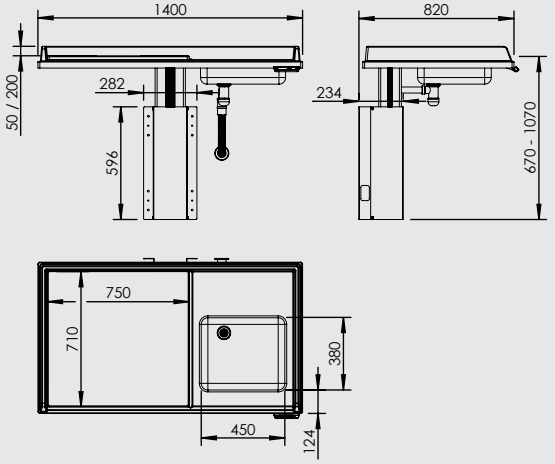

Recommended options

- Mixer with flexible water hoses
- Storage baskets
- Extendable ladder

Specifications

Border height	50 mm
Width	1400 mm
Depth	800 mm
Installation	Wall mounted
Operation	Table control programmable in 3 different height positions
Height setting	670 - 1070 mm
Speed	30 mm/sec.
Max. user weight	50 kg
Electrical connection	230 V ~50 Hz, Max. 400 VA
Enclosure class	IP20
Material specification	**Motor unit:** Anodised aluminium **Wall bracket:** Powder coated sheet-metal (Grey RAL 9006) **Changing table surface:** Hygienic moulded plastic **Mattress:** (WxDxH) 750x710x30 mm. Manufactured from phthalate-free artificial leather. Cover and cold foam certified as per OEKO-TEX standard 100 class 1 **Laundry sink:** (WxD) 450x380 mm, 120 mm drawer depth
Plumbing connections	Flexible water hoses and drainage hose with water trap
